

Dear Friends of Ireland,

Welcome to our annual Melbourne luncheon on the banks of the Yarra for a wonderful afternoon filled with friends, entertainment, laughter and charity.

An especially warm welcome to any new friends of the Fund joining us for the first time. We hope you enjoy the day and take away an understanding of the important work of the Fund and a keen interest in helping us to achieve more.

Welcome back to those who have supported us previously, we are truly grateful for your ongoing interest. Last year, we celebrated our 30<sup>th</sup> anniversary and your support was incredibly tangible.

Some of the highlights of last year included hosting the President of Ireland Michael D. Higgins and his wife Sabina in October. The President recognised and thanked our supporters for the important work we are doing, commenting "The Ireland Funds is a powerful force for good!".

We had our most successful Melbourne luncheon ever and a record breaking Sydney Garden Party. This enabled us to have a grant round of \$416,000 and we are very proud of the fact that over the last five years, 93.5% of tax deductible donations received by us have been allocated to our charities.

We partnered with Science Gallery Melbourne for their inaugural exhibition; Science Gallery is an award-winning international initiative pioneered by Trinity College Dublin. Part of the Global Science Gallery Network and one of only 8 nodes worldwide, the Gallery will open in 2020 and be embedded in the University of Melbourne. We want to provide an opportunity to experience this public-facing, dynamic and engaging space, both here and in Dublin, to encourage and inspire young adults to enter the STEM workforce, as 75% of future jobs in Australia are expected to require STEM qualifications.

Together with the Australian Indigenous Education Foundation we will have supported 80 scholarship places at four leading Australian schools by 2020. We are grateful to our Young Leaders who, with funds raised directly by them, have partnered with the GO Foundation founded by two amazing individuals, former Sydney Swans Adam Goodes and Michael O'Loughlin, and also with Suas, a literacy support charity in Ireland.

Governor General Sir Peter Cosgrove announced our new partnership with Trinity College Dublin offering 20 scholarships over five years, enabling promising young Australians the once-in-a-lifetime opportunity to earn their MBA at Ireland's leading university.

I would like to finish with my heartfelt thanks to you all for joining us here today and for your support and donations throughout the year. Having personally seen number of the projects we support in action, and their impacts, I can assure you that with your help the support we provide changes lives, many of them young lives. To provide opportunity where previously there was only hopelessness is a powerful gift to be able to give and I thank you for enabling us to give it on your behalf.

Enjoy the day, and as always, go raibh míle maith agaibh go léir.

Best regards,

**Yvonne Le Bas**  
Chairman  
The Ireland Funds Australia

OUR MISSION STATEMENT

The Ireland Funds' mission is to harness the power of a global philanthropic network of friends of Ireland to promote and support peace, culture, education and community development across the island of Ireland and among Irish communities around the world.

The Australian Chapter was established in 1987, so 2017 was a big year for us as we celebrated our 30<sup>th</sup> anniversary. This report provides an overview of the combined activities of the Australian Ireland Fund and our Australian Ireland Foundation Public Ancillary Fund (established in 2015 to support projects in Australia) in 2016-2017.

TOTAL DONATIONS 2016-2017 \$416,550

AIF DONATIONS RECEIVED VS FUNDING ALLOCATED JUNE 2012 — JUNE 2017

\*Relates to the aggregated donations and funding allocations of the Australian Ireland Fund and the Australian Ireland Foundation Public Ancillary Fund

SUAS

Suas Literacy Support Programme partner with designated disadvantaged (DEIS) schools across Ireland to deliver literacy support to 8 to 14 year olds who are struggling with reading and writing — the building block of almost all future achievements. Our continued support, including that of the Australian Young Leaders, will allow Suas to:

**143** Deliver at least 143 Literacy support projects

**1,716** Work at the coalface with 1,716 struggling learners

**1,760** Train up to 1,760 mentors to deliver 1:1 support

SOAR

Inspired by Jim Stynes' Reach Foundation of Melbourne, Soar provides workshops to young people aged 12-18 across the island of Ireland; specifically, 8th class and Transition Year students, and to young women aged 15-18 through their "Stripped" programme as they are at a transitional period in their lives. Soar facilitate workshops within schools with the potential of a follow up programme. The Ireland Funds Australia's support will allow Soar to:

**1,320** Reach 1,320 young women in 22 schools across Ireland

Create an environment in which girls can explore themselves wholly and without judgement

Enable girls to develop the tools to improve self-confidence and emotional well-being

INTEGRATE MY SCHOOL INTEGRATED EDUCATION FUND

Currently only **7%** of schools are integrated in Northern Ireland despite polls showing **80%** support for integration.

All schools in Northern Ireland are entitled to become integrated, provided a majority of the school community democratically votes in favour of it. Launched in February by the iconic Northern Irish actor Liam Neeson, Integrate My School is a one-stop-shop digital platform containing all the information parents require, the platform explains the process of transformation succinctly and allows parents to register their school for it. Transformation is the next exciting and important step in the integrated education movement and we are very proud to be part of that.

SOLAS

The unique point of difference of the Solas Project is its long-term, intensive intervention. The 'Step Up' teen mentoring programme provides 1:1 support to 60 students transitioning from primary to secondary education. Solas see a significant amount of young people dis-engaged with their education in secondary school resulting in them leaving with next to no qualifications.

Funding from the IFA will allow additional places in 'Step Up' which currently has a number of young people on the waiting list.

**AIEF**

The AIEF is a private sector led non-profit organisation focused on empowering Indigenous children to build a future through quality education and careers at Australian schools, universities and companies. Together with the AIEF the Ireland Funds Australia has committed to supporting

**80 indigenous scholarship**  
places at four leading Australian Schools by 2020.

**SCIENCE GALLERY MELBOURNE**

The University of Melbourne secured the rights to Australia's only node in the highly successful Science Gallery International network founded at Trinity College in Dublin. Inspired by the innovation at the inaugural Science Gallery in Dublin, The Ireland Funds Australia are delighted to have partnered with Science Gallery Melbourne for their first pop-up exhibition, BLOOD as their official opening night partner on 2 August 2017. When it opens in 2020, Science Gallery Melbourne will be a public-facing, dynamic and engaging space to inspire young adults into the STEM workforce. With **75% of future jobs in Australia expected to require STEM qualifications**, Science Gallery programmes will spark the minds of tomorrow's innovators.

**GO FOUNDATION**

The Go Foundation in Australia was founded by former Sydney Swans AFL players Adam Goodes and Michael McLoughlin.

Go offers day scholarships to students in public schools. This project is proudly supported by the Australian Young Leaders fundraising efforts.

**DONOR ADVISED GRANTS**

Donor Advised Grants enable donors to recommend and contribute directly to projects they are passionate about and that they wish to support. This is a wonderful way for the Fund to work with donors to make a difference and to, where possible, ultimately match them with specific projects.

Ruth Tarlo provided the third Hyman Tarlo Scholarship in Law for 2017/2018 at the Law School of Trinity College. The scholarship is in memory of Ruth's late husband, Hyman Tarlo, who attended Trinity during the 1940s.

The Worldwide Ireland Funds received a donor advised grant from Dr. Stanley Quek for the development of the global Funds.

The Lansdowne Club donor designated \$5,000 to Suas.
